🎓 Experienced Tutor | Lund University | MSc in Medical Sciences

I have an MSc in Medical Sciences from Lund University and a BSc in Biological Sciences from Uppsala University. Over 16 years, I've specialised in teaching GCSE Biology, IGCSE Chemistry, and A-Level Biology, helping students in Sweden, the UK, and internationally achieve excellent results.

Teaches: GCSE Biology IGCSE Chemistry A-Level Biology IB Biology

Curriculum: GCSE IGCSE A-Level IB

Qualifications

Lund University: MSc in Medical Sciences (2005–2007)

Uppsala University: BSc in Biological Sciences (2002–2005)

PGCE: Biology (2007–2008)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over my 16-year career, I've taught science at leading international schools and specialised in GCSE and IGCSE Biology. My expertise lies in tailoring lessons to meet the needs of students preparing for A-Level and IB qualifications, focusing on core biological principles like physiology and cell biology.

As an examiner for A-Level Biology, I've gained a unique perspective on what students need to excel in exams. This experience has allowed me to provide targeted feedback and guidance, helping students confidently approach even the most challenging assessments.

Throughout my teaching career, I've collaborated with schools across Sweden and Europe, implementing curriculum designs for STEM-focused institutions. My goal has always been to empower students to embrace scientific inquiry and excel in their academic pursuits.
